

PILL TOP STOOL

Smart Ergonomic Workspace Solutions

Active Space Saver...

For those on the move or when sitting for long periods is not an option. The Pill-Top stool is ideal for “check ins” at the office or a ‘perch’ for your sit-stand desk or workbench. Ideal for rigorous industrial, laboratory, retail, hairdresser, dental, medical and surgical environments where space can be at a premium. Light and compact, the Pill-Top stool can be easily stored away or packed together with your toolbox for when you are on the move!

Features:

- Unique 360-degree height activation lever.
- Upholstered automotive grade moulded foam seat that can be upholstered in a variety of fabrics or washable vinyl.
- Karo’s unique rigid NUGEN footring with durable chrome outer-ring and nylon support structure
- Base options include, Black Nylon 5-star, Polished Aluminium 5-star or Black Round Nylon. The 5-star bases are fitted with either 60mm castors or glides.
- Various seat heights, Standard = Min 46cm, Max 55cm, with Draughting Footring = Min 56cm, Max 65cm.
- 2 Year Warranty.
